To whom it may concern,

The Cooling Co. (Gauteng branch) have moved 3 big systems for us in the last two years and subsequently we have employed them as our Refrigeration maintenance company since December 2018, servicing and maintaining more than 150 to compressors, condensers and evaporators.

We have found them to be extremely knowledgeable and proficient, reducing our call-outs already significantly and the plant running more efficiently in such a short space of time, therefore, I would highly recommend them.
